

STANDARD

These stands are usually set up in pairs, with a gangway on one side. There are 2 stand alone with no immediate neighbours.

STAND INCLUDES

- One standard lockable showcase
- Approx. W1.25 x D1-1.5m floor area
- Two adjustable glass shelves, 97.5x45.5cm
- Frosted front storage underneath
Approx. height 46cm
- LED spotlights
- White wall on which you may display pieces of actual work (NOT IMAGES)
- Stool

You may cover the shelves with paper/card/fabric.
You may **not** glue on any surface however.

STANDARD UPRIGHT

These stands are reserved for silversmiths in the first instance, as they have greatest display area. Floor area may vary slightly.

STAND INCLUDES

- Two separate lockable showcases; one standard and one tall upright
- Approx. W1.5-2 x D1-1.5m floor area
- LED spotlights
- White wall on which you may display pieces of actual work (NOT IMAGES)

Standard Showcase

- Two adjustable glass shelves, 97.5x45.5cm
- Frosted front storage at the bottom
Approx. height 46cm

Tall Upright Showcase

- Three adjustable glass shelves, 47x45.5cm
- Frosted front storage at the bottom
Approx. height 51cm

GALLERY STAND

A gallery stand is an open space with no glass cabinets. Square footage varies and is allocated at the organiser's discretion. Plinths and shelves are provided, and availability and layout are discussed with the organisers to support exhibitors achieving the optimal layout.

Those who are awarded a gallery stand need to be confident having their work on open display. We always have professional security throughout the event, but they cannot be dedicated to gallery stand areas.

We welcome requests for gallery stands from both jewellers and silversmiths.

STAND INCLUDES:

- LED lighting
- A selection of plinths and/or shelves
- White walls on which you may display actual work
- A stool
